

Registration Guidelines

- At least one of the authors of every accepted paper must register for the conference at the appropriate full rate (as applicable to IEEE Member/Non-Member, from Academia/Industry as per professional domain) and present the paper in the conference in order for it to be included in AVARTA 2026, and the subsequent submission list to IEEE for possible publication in Xplore® digital library. If more than one author of an accepted paper wishes to attend the conference, all such authors must register separately and pay the applicable registration fee. Student registration is permitted only for attending the conference.
- Additional authors (other than those who are included in the manuscript submitted for review) cannot be added to the camera-ready paper. However, co-authors of a paper or anyone interested in attending the Technical Sessions of AVARTA 2026 can do so after registering for the conference as "Attendees" by paying the requisite registration fees.
- Each registration covers only one paper per registrant. Each additional accepted paper by the same author can be registered at the applicable student member rate (IEEE Member/Non-Member), irrespective of the category of authors.
- The maximum allowable pages in the camera-ready paper are 6 pages. A maximum of 2 additional pages is permitted at an extra page charge. The additional payment required for extra pages is Rs. 1000/page for Indian authors of all categories and USD 20/page for all categories of foreign authors.
- All the registration fees indicated are exclusive of applicable Goods and Services Tax in India (which is 18% at present) and payment gateway charges as applicable. Also, only authors from India are allowed to pay the registration fee in Indian rupees.
- Authors claiming subsidized registration fees for IEEE members/Life members need to produce a valid IEEE membership card at the registration counter at the time of reporting for the conference, failing which they will be required to pay the applicable balance registration fee of the relevant category.
- Any queries on registration may be directed to the Registration Chairs of the conference at avarta2026@sastra.ac.in
- The registration fees include the conference kit, admission to all workshops/technical sessions, lunch on all conference days, morning and evening refreshments, and the banquet dinner on the first day of the conference. Authors are responsible for making

their own arrangements for accommodation and transportation to the conference venue (SASTRA Thanjavur, Tamil nadu, India).

- **Hostel accommodation:** Delegates can book student hostel / SASTRA Guest House at SASTRA, Thanjavur on a payable basis after 10th December 2026 on a first come first serve basis. Rooms will be provided on double or triple sharing. Link for booking and payment details will be updated in the website after 1st December 2026.
- Authors have to complete the registration process before uploading the camera-ready paper and e-copyright form as per the stipulated final dates.
- All fees are non-refundable after registration confirmation.
- **No-Show Policy:** Any accepted paper included in the final program is expected to have at least one author attend and present the paper at the conference. A non-presented paper will not be submitted to IEEE Xplore® digital library as per IEEE no-show policy.
- Please note that the authors bear the full responsibility for the originality and quality of their manuscript, and the conference organizers are not responsible for non-publication in IEEE Xplore due to AI-generated content, plagiarism, or any other quality issues.
